Adjustment Key

Our adjustment key is the KEY to your success! The adjustment key allows you to level your final grade by adjusting the height of the pedestal without removing the paver. Save on labor costs and reduce risk of injury.

Ultra Low Rubber

Our Ultra Low Rubber pedestal is a fixed height ultra low pedestal (1/16") and is great for starting pedestal height and or very low threshold heights. Made of rubber which makes it very nice when laying porcelain or concrete pavers for anti noise and anti slip purposes. Cheap and easy to use.

Marathon Leaders Visit Italy!

Tod Cislo and his wife Tina - President of the Marathon Companies, with the addition of Jacob Cislo and wife Christie - Director of MRP Supports part of the Marathon Companies, attended a spectacular wedding in Italy to support their personal & business friends. A great partnership of almost 20 years. The Wedding was at a beautiful church in Padua near Venice in which the bride and groom arrived in a Maserati and left in an amazing Ferrari convertible, vehicles very popular in Italy. Then all proceeded to attend a reception that featured an amazing dinner, number of appetizers, & desserts. It was all topped off by a celebration that lasted into the wee hours of the night. This was truly a once in a lifetime opportunity to experience something so unique and beautiful for our Marathon leaders.

MRP Supports Attends Trade Show!

Florida Roofing & Sheet Metal Expo (July 13-14) at the Gaylord Palms Resort & Convention Center in Kissimmee, FL.

A message from Jake: "Thank you to everyone who came out to support us this year. We are always accessible and our main priority is ensuring the satisfaction of all of our customers. We look forward to continuing to serve you and seeing you next year!"

FEATURED PROJECT: SYNlawn Golf

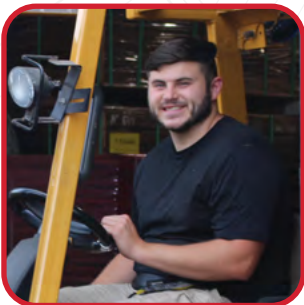

A beautiful display of SYNlawn golf on the rooftop right on the Mississippi River. Utilizing 1,310 2x2 Turf Trays & 1,648 of our BS1 pedestals, one of our customers were able to create this lovely golf course that will be great for the client & community for years to come.

Turf Trays: Our new wind uplift tray is designed to protect you and your surroundings by providing a secure attachment of the paver to the pedestal to prevent uplift of your light-weight pavers. Pavers can be used to create rooftop patios, gathering spaces, and walking paths. Available in standard 2x2 format.

EMPLOYEE SPOTLIGHT: Alex Zdrojewski

Alex has been with Marathon for over 7 years and is currently attending the University of Buffalo to pursue his MBA in Finance. While studying for his masters Alex is also gaining knowledge in every aspect of the business including but not limited to, inventory, logistics, warehouse management & working with clients directly on the daily basis.

"I am who I am today because of the choices I made yesterday" - Eleanor Roosevelt
