## Marathon products Utilized for Tri-Main Center Project in Buffalo:

"I just completed re-roofing nearly 60,000 SF of 55-year-old roof on the 6th floor of the building here at the Tri-Main Center in Buffalo. I told the roofer at the onset that I wanted Marathon replacement drains when we first walked the roof. That's exactly what I got, The "Aluminator" replacement drain!

Carmody Roofing went to their supplier, Beacon Building Products, to get the dozen or so Marathon replacement drains I needed. I have to say that they add a great finishing touch to the new black EPDM roof." Kudos to the Marathon crew for providing the myriad of roof drain solutions and products for roofing needs everywhere! Thanks to Beacon and Mark Flury for quickly supplying the new drains and strainers, and to Carmody for the great install. I'm also looking forward to installing the new paver/pedestal system that MRP Supports provides."

**Harry Chomen**

**Senior Project Manager - Tri-Main Development L.P.**

**Dates Closed:**

12/25/2023

12/26/2023

1/1/2024

## UPCOMING EVENTS:

Annual Company Christmas Party: Dec 16, 2023

CRCA Chicago Show: Jan 18-19, 2024

IRE Show – Debuting our NEW Island Booth!: Feb 6-8, 2024

## FEATURED PROJECT: Silva Residence - Puerto Rico

A beautiful display of a residential home on the Caribbean Island, Puerto Rico. The project utilized our **SE Series of Self-Leveling pedestal supports & concrete pavers**. Contact us to learn how we can assist with your next project!

## FEATURED PRODUCT: SE Series Wood Joist Pedestals

The **PRIME adjustable support with wooden joist head** is the most flexible, elegant and safe solution ever seen for terraces, decking and pool edges.

The leveling performance of the tilting head, which cancels the screed slopes up to 5% allows to obtain a perfectly leveled floor, without resorting to additional features or accessories.

## MARATHON CELEBRATES THE HOLIDAYS: 1<sup>ST</sup> ANNUAL DRAIN HOLDING CONTEST

Marathon employees found time for some fun to start the holiday season. The entire staff participated in the 1st annual drain holding contest where they were asked to hold, straight out, one of our insert drains with a clamping ring, weighing close to five pounds. It was a great team building exercise, with competitive spirit. As the time ticked by, 1-minute, 2-minute, 3-minutes...many started to drop out as few continued. Roberta in our accounting office was the champion for the women with just over 4 minutes! Great job Roberta! Our final two men, Nick our intern from the US Army and Chris our Marketing lead, were amazing and toughed it out for over 6 minutes. However, Chris was victorious with the winning time of 6 minutes and 18 seconds. The winners received a half day off and everyone enjoyed the provided lunch, which included a 3-foot-long sub as a centerpiece. What a great way to kick off the holidays!
