## Marathon Companies Showcase NEW 20x20' Island Booth at 2024 IRE Convention:

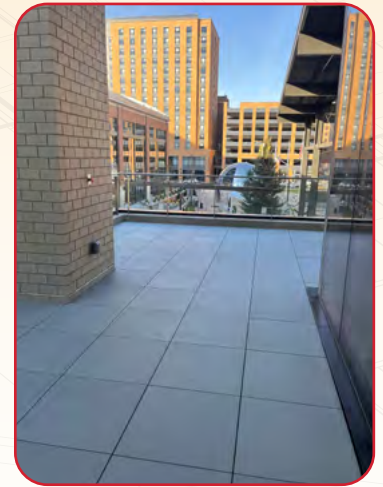

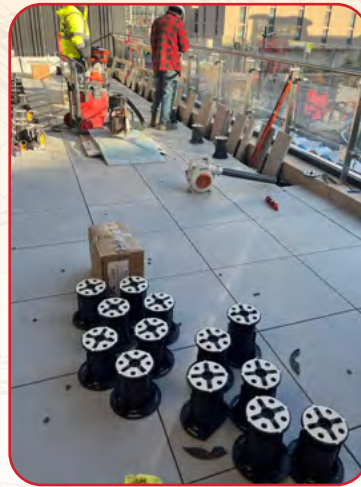

We traveled city to city for trade shows this past month to showcase our industry leading products from Marathon Roofing Products & MRP Supports. These trips included Chicago, New York, Boston, Colorado & Las Vegas. Highlighted is the International Roofing Expo that was held at the Las Vegas Convention Center where we displayed our NEW 20x20' Island Booth! This display features a central tower rotating sign that sits 14 feet above the show floor, monitors on each side to display company videos as well as product designs on each panel. An amazing display we will use for years to come!

## FEATURED PROJECT: Indiana Pacers Entertainment Center

Take a view at this pedestal & paver job that was done at the Indiana Pacers Team Store/Facility with our **NM5 pedestals.**

## FEATURED PRODUCT: Green Roof Trays

MRP Green Roof Vista Modular trays are pre-assembled with growing media and low maintenance, drought-tolerant plants. The vegetative trays are placed on the roof in configured designs, and often require less expertise for installation. Deeper systems allow for more options, like greater storm water retention, larger plant selections, edibles, and a more lush aesthetic.
