Every corner deserves unique attention and the spatial ambiance you desire. Your courtyard, rooftop or other site will be enhanced by our high-end planters that present an aristocratic feel. Make your dreams a reality with the MRP planters today!

LOOKING BACK...HISTORY OF MARATHON

Marathon Roofing started in Buffalo, NY in 1966 as a small-scale manufacturer of copper drains. Since those humble beginnings, we have significantly expanded with our President Tod Cislo taking over the reins in 2006. In 2014, he established MRP Supports as a standalone corporation. While we've experienced continued growth, Marathon remains true to its ideal of providing the best customer experience in the industry. Displayed is the day Tod Cislo purchased the company from Doug Rowan in 2006!
